Christopher - my recommendation would be your option #2. But the lawyers may want option #4. So Dave or Cindy please chime in with your druthers.

Dave

Subject: RTS 14248: New Bedford CAD Cell ESD for Public Comment AR

---

Dave,

As one of the final steps on the New Bedford ESD AR project, we are placing the AR Index (with links to all the AR documents) on the NPL Pad website.

Unfortunately the structure of NPL Pad only allows for 10 postings under the "Administrative Records" heading and there are already 10 AR Indices posted in that area.

This will not affect the posting of the AR index with links to the separate New Bedford Harbor website.

I am therefore asking for direction from you and the rest of the case team on how to handle this posting.

Options include:

forego posting the AR index on the NPL Pad page

remove one of the older AR indices in order free a 'slot' for this new AR

place this AR index under a different heading such as "Reports & Studies" or "Other Links"

move one of the older AR indices to a different heading such as "Reports & Studies" or "Other Links" in order free a 'slot' for this new AR

This problem should not occur again with the final ESD AR since, we will replace this public comment AR index with the final AR index.

I look forward to your guidance on this issue.

Thank you
